Absentee voting is available for those voters who wish to cast a ballot before election day. Absentee voting will open on 10 February 2023 and close at 5:00 p.m., Monday, 13 March 2023.

Several options are available:

1. If a voter wishes to vote by mail, an absentee ballot application must be completed and returned to the township office, either in person or by mail. Absentee ballot applications are available from the Royalton Township clerk's office or one can be downloaded from the Minnesota Secretary of State's website: sos.state.mn.us. Upon receipt of the application, the township office will mail a packet of instructions and the ballot to the voter with postage paid return envelope. *Please note that this process can take some time, so applications should be submitted as soon as possible.*
2. If a voter wishes to vote early in person, two options are available:
 - a. Voters may arrange an appointment with the town clerk to vote in person, beginning on 10 February 2023 (telephone 320-396 2982 to arrange an appointment). The voter will be asked to complete an absentee ballot application and will be given a ballot and a secrecy envelope into which the voted ballot will be placed and sealed.
 - b. The town clerk's office will be open for voting on Monday, 13 March 2023, from 1:00 p.m. to 5:00 p.m. Voters at this time will be asked to complete an absentee ballot application and will be given a ballot and a secrecy envelope into which the voted ballot will be placed and sealed.
