Old Business:

Clerk Swanson noted that the draft agreements for town line roads with Nessel and Pokegama townships had been sent to their respective clerks.

Chair Orvis noted that work continues on the proposed fencing ordinance; the latest draft consists of a set of basic principles and guidelines that does not get too detailed.

Clerk Swanson reported that he had been in contact with the Bureau of Criminal Apprehension about getting a required number so that the township could receive a share of district court fines originating in the township. He has received data about the required forms.

New Business:

The commission then reviewed the township map from the Minnesota Department of Transportation. Clerk Swanson had made the changes recommended at the last planning commission and board meetings. Most changes related to roads for which the township was responsible but were not listed as such and roads for which the township was listed as responsible but is not. Locations of the town hall, one church, two cemeteries and the Stumne burial mounds were added. Also added was the extension of the Snake River to western boundary of the township.
