Minutes read by Duane Swanson, motion to approve minutes as read by Duane Swanson, Seconded by Roberta Folkestad, with one correction to minutes of June 25, 2013. Roberta Folkestad motioned and Duane Swanson seconded the decision to move the "junk" complaint on Apple Road to the township board.

Minutes read by Duane Swanson, the working planning commission meeting on July 9, 2013. Motion to approve the minutes as read by Nancy Dahlin Teich, seconded by Roberta Folkestad.

Old Business

Discussion ensued concerning the county proposed turnback of certain county roads within Royalton Township. This discussion took most of the time of the working planning commission meeting, thus special events permit wording was not given much energy at the working planning meeting.

General discussion ensued concerning the process for turn back of the roads. Questions arose pertaining to whether the commissioner that represents the area including Royalton township should be asked to come to the township meeting to discuss the potential turn back. Point was

made that \$10,000 per mile, proposed as compensation to the township would not be sufficient to cover the cost of bringing the road to specs once turned over to the township. Discussion centered around inviting key government officials and staff to a near future township meeting to discuss the potential road turnback.

Nancy Dahlin Teich,

Recorder
